

June 18, 2024

Dear Customer,

VETIGEL is committed to providing you with the best hemostatic products and service to support your hospital and patients. As of May 2024, VETIGEL's shelf life has been extended from 18 months to 24 months. This extension is the result of extensive research and stability testing, ensuring the product maintains its quality and efficacy over a longer period.

Moving forward, you can expect that all batches manufactured as of May 2024 will have 24-month expiration dating on the product. The new expiration dating is also appropriate for the specific batches manufactured prior to May 2024 as indicated in the table below.

| VET-02 Lot# | Expiry on Label | New Expiry | VET-05 Lot# | Expiry on Label | New Expiry |
|--------------|-----------------|-------------|--------------|-----------------|-------------|
| PRL-0149-58 | 2024-Sep-04 | 2025-Mar-03 | PRL-0149-60 | 2024-Sep-04 | 2025-Mar-03 |
