

# SAVE ON PROTECTION & RELIEF... UNINTERRUPTED

## Ensure your canine patients remain protected with Vanguard Vaccines while controlling their allergic itch with Apoquel Chewable

Apoquel Brand<sup>†</sup> is the ONLY canine JAKi approved for use before, after and at the time of ANY vaccination.

Vanguard provides the trusted vaccine protection your patients need, including Leptospirosis—now an AAHA-recommended core vaccine.<sup>1</sup>

## Buy both to enjoy 17% off Vanguard + 5% off Apoquel Chewable\*

Buy	\$3,000 Apoquel Chewable	\$2,500 Vanguard Vaccines
Save	5% Rebate	17% Rebate
Requirements	Order must include minimum 1 x 250ct and 1 x 100ct (New size!)	Eligible vaccines: Bordetella, CIV, Leptospirosis, Lyme, and Rabies

**\*Terms & Conditions:** Qualifying orders must be placed directly through Zoetis or an authorized Petcare distributor between January 6, 2025 and February 28, 2025 (“promotional period”). A qualifying order is considered as a minimum of \$3,000 (including at least 1x100ct SKU and 1x250ct SKU), and \$2,500 of Vanguard eligible brands, on one invoice. Customers may place multiple qualifying orders during the promotional period, with a total rebate cap of \$3,000. This promotional discount is in addition to any existing discounts/rebates that customers may receive per their current contract terms, if applicable. Extended billing terms ARE NOT included in this offer. Zoetis may modify or terminate this offer at any time and for any reason whatsoever, in its sole discretion.

Eligible SKUs: Bordetella (#10024427, #10009937, #10009518, #10014058, #10014057, #10012420, #10012421, #10012418, #10012417, #10012415, #10014056), CIV (#10016975, #10016338, #10003020), Leptospirosis (#10000618, #10024432, #10024431), Lyme (#10012878, #10012888), Rabies (#10026433, #10026430, #10026432, #10026431, #10026409), Apoquel Chewable (#10024327, #10024326, #10024325, #10027460, #10027461, #10027462).

**Apoquel and Apoquel Chewable Indications:** Control of pruritus associated with allergic dermatitis and control of atopic dermatitis in dogs at least 12 months of age.

**Apoquel and Apoquel Chewable Important Safety Information:** Do not use Apoquel or Apoquel Chewable in dogs less than 12 months of age or those with serious infections. Apoquel and Apoquel Chewable may increase the chances of developing serious infections, and may cause existing parasitic skin infestations or pre-existing cancers to get worse. Consider the risks and benefits of treatment in dogs with a history of recurrence of these conditions. New neoplastic conditions (benign and malignant) were observed in clinical studies and post-approval. Apoquel and Apoquel Chewable have not been tested in dogs receiving some medications including some commonly used to treat skin conditions such as corticosteroids and cyclosporines. Do not use in breeding, pregnant, or lactating dogs. Most common side effects are vomiting and diarrhea. Apoquel and Apoquel Chewable have been used safely with many common medications including parasiticides, antibiotics and vaccines. [See full Prescribing Information for Apoquel and Apoquel Chewable.](#)

<sup>†</sup> “Apoquel Brand” includes Apoquel<sup>®</sup> (oclacitinib tablet) and Apoquel Chewable
